## Exterior Design

The New SEAT Ateca has modern exterior lines, making it the perfect fit for both urban and countryside environments. It can handle all you throw at it every day, no matter where you are and with its stylish sporty design, it will always look good doing it.

# Hands-Free Electric Boot with Keyless System

An extra pair of hands would always be nice, especially if you find that your hands are full more often than not. The Hands-Free Electric Boot with Keyless System allows you to open and close the boot without even lifting a finger or putting down anything you may be carrying.

## Interior Design

Your day-to-day may take you to many different places but wherever you go, you should always be comfortable. Which is why a well-conceived, ergonomic design can make all the difference.

The New SEAT Ateca has a spacious and luxurious interior. With all the room you need and with easy reach to all of its features you will always feel relaxed and comfortable. Each line and every interior detail provides a sense of distinguished perfection.

## Multicolour Ambient Light

Adapt to the moment.  
We know that there are moments for everything and everyone.  
So we wanted you to be able to find the perfect ambience in your car.  
Choose between eight different ambient lighting colours and you  
can even set the intensity.

## Expanding spaces

A great car has room for all the ultimate technology, but also has room for anything you need. That's why The New SEAT Ateca has a 510L boot that can expand up to 1.604L. The boot also has a double floor, allowing you to maximise space and flexibility. Space for everything and everyone.

# Technology

SEAT's most advanced car carries all the technology needed to make your life easier. Features that are not only impressive, but also extremely useful in any situation.

SEAT Drive Profile with the Driving Experience Button offers the perfect driving settings for any situation and the Hands-Free Electric Boot with Keyless System lends you a helping hand when carrying groceries.

And there are still many other great features that will amaze you in your day-to-day, like Full Link, the Navigation System and the Wireless Charger.

## Wireless Charger

Endless power.  
There's nothing worse than running out of battery  
and being out of touch with all that's happening.  
That's why you deserve uninterrupted power for  
your electronic devices.

## Driving Experience Button

Take it for a spin.  
Your car should adapt to your driving needs. Why? Because you are unique.  
And now with the simple twist of a button, it will do just that. Enjoy all the  
2WD driving profiles: Normal, ECO, Sport and Individual plus two extra  
options for 4WD: Off-Road and Snow.

## Blind Spot Detection

Don't let anything out of Sight.  
Safety on the road is dependent on you being  
aware of everything around you. Now your  
side mirrors will help you to see even the most  
difficult spots.
